Grimmash the Mighty

CHARACTER NAME

Grimmash is a formidable frost orc with a towering presence. His pale blue skin reflects his icy origins, and his wild blue hair cascades down past his broad shoulders. Tribal tattoos adorn his rugged face, while his intense glacial blue eyes reveal a spark of mischief. With his tusks jutting from his lower jaw and scars marking his battle-worn body, he dresses in a mix of practical and flamboyant attire. He wields a massive greataxe, channeling his delusional belief in magic into each swing.

CHARACTER APPEARANCE

Grimmash, an orc born in a snow mountain tribe, yearned for magic despite his kin's focus on physical strength. Mocked for his aspirations and eventually exiled from his tribe, he wandered around the wilds. During his travels he stumbled across a vast tomb. While exploring it he found scripture and tomes that seemed to him to be of ancient spellcasting descent. Convinced he found a very special spellbook, he embraced the delusion of being a wizard.

Grimmash's ultimate goal is to uncover the ultimate spell—the one that will solidify his claim as the greatest "wizard" the world has ever known. He roams far and wide, seeking out ancient artifacts, enchanted items, and renowned spellcasters, hoping to learn from them and expand his understanding of magic. He yearns for the recognition and respect he believes he deserves, convinced that one day, his name will be uttered with awe and reverence throughout the realms.

NAME

The Savage Vanguard

SYMBOL

ALLIES & ORGANIZATIONS

Grimmash believes his physical actions are the result of his "wizardry." When he casts "magic missile," he throws small enchanted objects like rocks, which he calls "magic stones". Grimmash is especially proud when he can throw a wizard while casting "magic missile" as this represents the most powerful form of his spell. Grimmash sees his rage as channeling elemental forces. When he flies into a rage, he believes he is tapping into the powers of fire, lightning, or other elements, which fuel his enhanced physical abilities.

Despite his delusion, Grimmash is not malicious. He genuinely believes he is a wizard and possesses magical powers. He may even attempt to teach others his "spells," which often results in unintentional hilarity.

Grimmash's fascination with magic makes him childlike in many ways. He is easily impressed by actual spellcasters and may seek their approval, hoping to learn more about "real" magic.

ADDITIONAL FEATURES & TRAITS

The Amulet of Teleportation: Grimmash believes that wearing this amulet allows him to instantly teleport to different locations. In reality, it's a mere decorative piece, but he often activates it with a flourish, pretending to vanish and reappear while his companions humorously watch him move around on foot.

The Spellbook of Misguided Spells: Grimmash acquired an old, tattered spellbook while exploring an ancient tomb. Unaware of its true purpose, he cherishes it as his personal grimoire. The book contains nonsensical scribbles, but Grimmash interprets them as his "wizard spells," despite their complete ineffectiveness.

The Crystal Orb of Divination: Grimmash possesses a polished crystal orb that he uses for divination purposes. Though he has no true understanding of divination magic, he gazes into the orb and pretends to discern hidden truths and glimpses of the future, offering guidance to his fellow adventurers.

FEATURES, MAGIC ITEMS AND SPELLS

ORCISH TRAITS

DARKVISION

You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it were dim light. You can't discern color in darkness, only shades of gray.

AGGRESSIVE

As a bonus action, you can move up to your speed toward an enemy of your choice that you can see or hear. You must end this move closer to the enemy than you started.

PRIMAL INTUITION

You have proficiency in two of the following skills of your choice: Animal Handling, Insight, Intimidation, Medicine, Nature, Perception, and Survival.

POWERFUL BUILD

You count as one size larger when determining your carrying capacity and the weight you can push, drag, or lift.

FEATS

MAGICAL BRAWLER

Prerequisite. Orc race, Strength 13 or higher
Grimmash's belief in his magical abilities strengthens his physical prowess. You gain the following benefits:

SPELL STRIKE

When you make a melee weapon attack, you can choose to infuse it with your magical energy. On a successful hit, the target takes an additional 2 (1d4) force damage.

ARCANE RESILIENCE

Your belief in your magical shield enhances your resilience. While raging, you gain a +2 bonus to your AC.

TRIBAL OUTCAST

You were once part of a family or clan, perhaps commoners with their own way of life. However, they exiled you, forcing you to live alone and survive by yourself. You never fully trusted anyone again, despite the fact you still hold the memories of your loved ones dear to you.

ECHOES OF THE PAST

You may have been forced to leave your previous life, but it hasn't left you. You have knowledge about the ways people treat one another and therefore have been gifted with skills revolving around a quick-witted nature. You can talk someone into giving you a hot meal and a warm bed for the evening.

BARBARIAN TRAITS

RAGE

Rages: 2

In battle, you fight with primal ferocity. On your turn, you can enter a rage as a bonus action.

While raging, you gain the following benefits if you aren't wearing heavy armor:

- You have advantage on Strength checks and Strength saving throws.
- When you make a melee weapon attack using Strength, you gain a +2 bonus to the damage roll. This bonus increases as you level.
- You have resistance to bludgeoning, piercing, and slashing damage.

If you are able to cast spells, you can't cast them or concentrate on them while raging.

Your rage lasts for 1 minute. It ends early if you are knocked unconscious or if your turn ends and you haven't attacked a hostile creature since your last turn or taken damage since then. You can also end your rage on your turn as a bonus action.

Once you have raged the maximum number of times for your barbarian level, you must finish a long rest before you can rage again.

UNARMORED DEFENSE

While you are not wearing any armor, your Armor Class equals $10 + \text{your Dexterity modifier} + \text{your Constitution modifier}$. You can use a shield and still gain this benefit.

Armor Class: 14

RECKLESS ATTACK

Starting at 2nd level, you can throw aside all concern for defense to attack with fierce desperation. When you make your first attack on your turn, you can decide to attack recklessly. Doing so gives you advantage on melee weapon attack rolls using Strength during this turn, but attack rolls against you have advantage until your next turn.

DANGER SENSE

At 2nd level, you gain an uncanny sense of when things nearby aren't as they should be, giving you an edge when you dodge away from danger. You have advantage on Dexterity saving throws against effects that you can see, such as traps and spells. To gain this benefit, you can't be blinded, deafened, or incapacitated.

PATH OF THE Berserker

For some barbarians, rage is a means to an end that end being violence. The Path of the Berserker is a path of untrammeled fury, slick with blood. As you enter the berserker's rage, you thrill in the chaos of battle, heedless of your own health or well-being.

FRENZY

Starting when you choose this path at 3rd level, you can go into a frenzy when you rage. If you do so, for the duration of your rage you can make a single melee weapon attack as a bonus action on each of your turns after this one. When your rage ends, you suffer one level of exhaustion.

"MAGICAL" ITEMS

ARCANE SUNDER

wondrous item, common

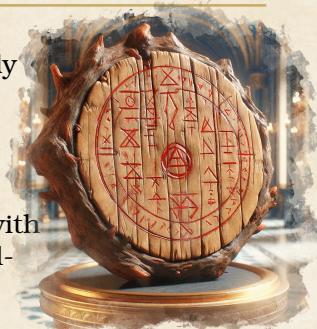

A staff-like weapon that combines the appearance of a magical staff with the functionality of a melee weapon. This unique weapon has the appearance of a staff that has been modified to have a bladed end, transforming it into a deadly polearm. The staff's core is a solid piece of wood, intricately carved and adorned with arcane symbols and runes to give it the appearance of a magical artifact. The upper portion of the staff has a bladed tip, similar to a greataxe, allowing Grimmash to deliver powerful strikes in combat. The staff's length and reach provides him with versatility, allowing him to keep enemies at bay or deliver devastating blows up close.

SHIELD OF REFLECTING SPELLS

wondrous item, common

Grimmash possesses a sturdy shield that he firmly believes can reflect magical spells. While it doesn't possess any actual enchantments, he insists that it provides him with extra protection against spell-casting foes, bolstering his confidence in battle.

THE MIGHTY DISCORD (LUTE)

The "Mighty Discord" is a comically oversized lute, standing tall and adorned with vibrant colors and playful designs. Its polished wooden body features intricate carvings of mythical creatures and arcane symbols. The thick and elongated strings stretch across the wide soundboard, creating a visually captivating instrument. Despite its exaggerated size, the instrument produces a cacophony of dissonant notes when played with unwavering enthusiasm. The jarring melodies that emanate from the "Mighty Discord" add an element of hilarity and light-heartedness to its unconventional charm.

MAGIC STONES

Grimmash possesses a collection of magic stones, which he believes hold immense arcane power. In his eyes, these stones are conduits of magical energy that grant him enhanced abilities or can be used for various magical purposes. However, in reality, these stones are ordinary objects with no inherent magical properties.

Despite their mundane nature, Grimmash cherishes these stones as symbols of his perceived magical prowess. He carries them with him at all times, often using them as props during his spellcasting rituals. To him, the stones are potent sources of mystical energy, and he treats them with great reverence and care.

Grimmash may assign different attributes or elemental associations to each stone, attributing specific powers or effects to them based on their size, shape, or color. For example, a smooth, round stone might be his "firestone," which he believes can channel flames, while a jagged, blue-hued stone might be his "froststone," which he thinks can summon icy blasts.

MISCELLANEOUS

MISINTERPRETED SPELL LANGUAGE

Due to his delusional belief in being a wizard, Grimmash has developed his own unique language, which consists of misinterpreted spell incantations and magical jargon. He uses this language to communicate his magical intentions, although it might sound nonsensical to others. It's a combination of words and phrases he believes to be associated with magic but is often misunderstood or misinterpreted by those around him.

Whenever Grimmash wants to trigger a rage, he thinks that he summons elementals and absorbs their power hence always announcing "Elemental Convergence!" to trigger that state.

"SPELLS"

CHARM PERSON ("FRIENDLY ENCHANTMENT")

Grimmash misinterprets the spell "Charm Person" as a way to win people over through exaggerated compliments and romantic gestures. However, his attempts often lead to awkward situations, as his advances are misunderstood or unwanted.

DETECT MAGIC ("PHANTOM SNIFF")

Grimmash believes that his keen senses can detect the presence of magic. He might sniff or lick objects, convinced that he can sense their magical properties, even though it's just his instinctual orcish behavior rather than any actual magical detection.

FEATHER FALL ("GRACEFUL FEATHER DESCENT!")

Whenever Grimmash or his allies are falling from great heights, he throws handfuls of feathers into the air, believing it will slow their descent. While the feathers may create a whimsical sight, they have no actual effect in preventing injuries from the fall.

FIREBALL ("FLAMOBLASTA!")

Grimmash's version of casting "Fireball" involves throwing or kicking flaming objects, such as lit torches or pots filled with oil. His attempts at unleashing explosive magical fire often result in chaotic situations, as he inadvertently sets fire to nearby objects or unintentionally causes explosions that surprise both allies and enemies.

FLY ("SKYWARD JOURNEY")

When attempting to cast the "Fly" spell, Grimmash leaps into the air with great enthusiasm, convinced that he can soar through the sky like a bird. He might perform exaggerated jumps, flapping his arms as if attempting to take flight.

IDENTIFY ("ENLIGHTENBLOOM")

When using the spell "Identify" on magical items, Grimmash offers outlandish and imaginative explanations for their powers, often making up grandiose stories about their origins or hidden abilities. While entertaining, his interpretations are far from accurate.

INVISIBILITY ("CLOAKED VANISHING")

Grimmash uses a huge piece of cloth and puts it over himself or a creature that he wants to make invisible. He thinks that only he as the spellcaster is able to see the enchanted creature. However, he or the creature remains clearly visible to others, leading to amusing situations as he attempts to navigate stealthily while thinking he is invisible.

LEVITATE ("GRAVITY DEFIANCE!")

Instead of levitating in the air, Grimmash mistakenly believes the "Levitate" spell allows him to float effortlessly on the surface of bodies of water. He might try to walk on water or recline on his back, assuming a buoyant posture.

MAGIC MISSILE ("MYSTIC BOLT!")

Grimmash firmly believes that his ability to throw objects with uncanny accuracy is a result of his wizardry. He hurls rocks or other mundane objects, exclaiming "Magic Missile!" with each throw. His comrades may find it amusing as they watch him confidently fling objects, convinced that they are deadly magical projectiles.

MENDING

When using the spell "Mending" to repair objects, Grimmash's understanding is that it only provides a temporary fix. His mended items tend to break again after a short time, much to the confusion of his companions.

MIRROR IMAGE ("MYSTIC BANANARAMA!")

Whenever Grimmash casts "Mirror Image," he pulls out small handheld mirrors and holds them up, believing that they create illusory duplicates of himself. He might even have a collection of mirrors that he carries with him for this purpose.

PRESTIDIGITATION

Grimmash views the spell "Prestidigitation" as a means to perform simple but impressive party tricks, such as producing sparks, creating small illusions, or making objects briefly disappear. He uses it to entertain and amuse his companions.

SILENT IMAGE

Instead of creating visual illusions, Grimmash believes that casting "Silent Image" produces realistic sounds or voices. He might attempt to use it to mimic the sounds of monsters or create distractions through his vocal mimicry.

SLEEP ("SERENADE OF SLUMBER")

Grimmash believes that casting the "Sleep" spell involves singing a soothing lullaby to put targets to sleep. He may attempt to sing to enemies or even his allies, hoping to make them doze off peacefully.

SHIELD ("ILLUSHIELD!")

When Grimmash wants to protect himself from attacks, he instinctively grabs a nearby shield, believing it to be an actual "Shield" spell. He parades around with the shield, convinced that it deflects spells and projectiles, even if it's just a regular shield without any magical properties.

SUMMON FAMILIAR ("SUMMONRUCKUS!")

Grimmash throws one of his magic stones in order to summon any creature. This misconception can be traced back to several events in the past when he threw stones into a bush or scrub and a small creature like a fox appeared due to being frightened by the small projectile.

CURSED BRACELET OF WILD MAGIC

Wondrous item, rare (requires attunement by a barbarian)

APPEARANCE

The Cursed Bracelet of Wild Magic is an exquisite piece of craftsmanship, blending elegance with a sense of foreboding. It is made of a gleaming, silver metal that seems to absorb and reflect the light in mysterious ways. The band is thick and solid, yet it is adorned with delicate, intricate engravings that depict chaotic patterns, resembling swirling winds and crackling energy, which could symbolize the unpredictable nature of wild magic.

Embedded at regular intervals around the bracelet are gemstones of various colors, each pulsating with an inner light. These gems range from deep blues and purples to vibrant greens and reds, suggesting a connection to different magical energies or elements. The centerpiece of the bracelet is a larger, exceptionally radiant gem that shifts colors, never settling on a single hue, symbolizing the bracelet's connection to wild magic and its ever-changing, unpredictable effects.

The clasp of the bracelet is designed to be both functional and aesthetic, with a mechanism that appears complex, requiring a specific sequence to open, hinting at the need to keep such a powerful and potentially dangerous item secure. The overall appearance of the bracelet is one of majestic power, beauty, and mystery, inviting curiosity while also warning of the risks it holds for the unwary.

HISTORY

The Cursed Bracelet of Wild Magic is steeped in legend and mystery, its origins tracing back to a tumultuous era when the boundary between the mundane and the arcane was perilously thin. Crafted by an enigmatic sorcerer known only as Velorien the Unbound, the bracelet was intended as a masterpiece that could channel the chaotic essence of wild magic, granting its wearer power beyond comprehension.

Velorien infused the artifact with potent enchantments and bound within it a core of pure wild magic extracted from the heart of a rift to the Elemental Chaos. The process was perilous, and legends say the sorcerer's tower was obliterated in a cataclysmic explosion, leaving only the bracelet intact among the ruins.

For centuries, the bracelet was lost to history, buried beneath layers of rubble and the sands of time. It resurfaced occasionally, each time heralding an era of upheaval as it passed from one wielder to another. The bracelet's power was undeniable, but so was its curse. Wearers found themselves able to cast spells of devastating power, but at great cost. The artifact's wild magic was unpredictable, and many of its owners met untimely ends, victims of their own unleashed spells or driven mad by the chaotic energies coursing through their veins.

Legends tell of a kingdom that fell in a single night, its ruler having donned the bracelet in a bid to end a siege. Instead, the unleashed magic tore the very fabric of reality, summoning creatures of nightmare and turning the castle into a twisted labyrinth of eldritch horrors. The kingdom was consumed by the wild magic, becoming a cautionary tale of the dangers of meddling with forces beyond mortal ken.
