Features, Magic Items and Spells

Aasimar Traits

Celestial Resistance

You have Resistance to Necrotic damage and Radiant damage.

Darkvision

You have Darkvision with a range of 60 feet.

Healing Hands

Heal 2d4s
As a Magic action, you touch a creature and roll a number of d4s equal to your Proficiency Bonus. The creature regains a number of Hit Points equal to the total rolled. Once you use this trait, you can't use it again until you finish a Long Rest.

Light Bearer

You know the Light Cantrip. Charisma is your spellcasting ability for it.

Celestial Revelation

When you reach character level 3, you can transform as a Bonus Action using one of the options below (choose the option each time you transform). The transformation lasts for 1 minute or until you end it (no action required). Once you transform, you can't do so again until you finish a Long Rest.

Once on each of your turns before the transformation ends, you can deal extra damage to one target when you deal damage to it with an attack or a spell. The extra damage equals your Proficiency Bonus, and the extra damage's type is either Necrotic for Necrotic Shroud or Radiant for Heavenly Wings and Inner Radiance.

Here are the transformation options:

Heavenly Wings. Two spectral wings sprout from your back temporarily. Until the transformation ends, you have a Fly Speed equal to your Speed.

Inner Radiance. Searing light temporarily radiates from your eyes and mouth. For the duration, you shed Bright Light in a 10-foot radius and Dim Light for an additional 10 feet, and at the end of each of your turns, each creature within 10 feet of you takes Radiant damage equal to your Proficiency Bonus.

Necrotic Shroud. Your eyes briefly become pools of darkness, and flightless wings sprout from your back temporarily. Creatures other than your allies within 10 feet of you must succeed on a Charisma saving throw (DC 8 plus your Charisma modifier and Proficiency Bonus) or have the Frightened condition until the end of your next turn.

Feats

Skilled

Arcana, Investigation, Sleight of Hand Proficiency
You gain proficiency in any combination of three skills or tools of your choice.

Cleric Traits

Divine Order (Thaumaturge)

Guidance Cantrip
You know one extra cantrip from the Cleric spell list. In addition, your mystical connection to the divine gives you a bonus to your Intelligence (Arcana or Religion) checks. The bonus equals your Wisdom modifier (minimum of +1).

Channel Divinity

2 Uses per Long Rest
You can channel divine energy directly from the Outer Planes to fuel magical effects. You start with two such effects: Divine Spark and Turn Undead, each of which is described below. Each time you use this class's Channel Divinity, choose which Channel Divinity effect from this class to create. You gain additional effect options at higher Cleric levels.

You can use this class's Channel Divinity twice. You regain one of its expended uses when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest. You gain additional uses when you reach certain Cleric levels, as shown in the Channel Divinity column of the Cleric Features table.

If a Channel Divinity effect requires a saving throw, the DC equals the spell save DC from this class's Spellcasting feature.

Divine Spark. As a Magic action, you point your Holy Symbol at another creature you can see within 30 feet of yourself and focus divine energy at it. Roll 1d8 and add your Wisdom modifier. You either restore Hit Points to the creature equal to that total or force the creature to make a Constitution saving throw. On a failed save, the creature takes Necrotic or Radiant damage (your choice) equal to that total. On a successful save, the creature takes half as much damage (round down).

You roll an additional d8 when you reach Cleric levels 7 (2d8), 13 (3d8), and 18 (4d8).

Turn Undead. As a Magic action, you present your Holy Symbol and censure Undead creatures. Each Undead of your choice within 30 feet of you must make a Wisdom saving throw. If the creature fails its save, it has the Frightened and Incapacitated conditions for 1 minute. For that duration, it tries to move as far from you as it can on its turns. This effect ends early on the creature if it takes any damage, if you have the Incapacitated condition, or if you die.

Radiant Justice Mace

Weapon (Mace), Rare (Requires Attunement)

Appearance

The "Radiant Justice Mace" stands as a paragon of celestial craftsmanship, embodying the ethereal essence of the heavens themselves. Its handle, crafted from the finest silver, gleams with a polished sheen that reflects light as if cradling the stars. Intricate engravings run along the length of the handle, depicting scenes of valor and righteousness, hinting at the weapon's divine origin.

Atop the handle, the head of the mace is a masterpiece of golden radiance. Forged in the shape of a sunburst, it is adorned with gemstones that shimmer in hues of azure and crimson, symbolizing the duality of dawn and dusk. The edges of the sunburst are finely honed, each point gleaming with a light so pure it seems capable of piercing the shadows cast by the most malevolent entities.

Surrounding the mace, a celestial aura pulsates gently, casting soft glows of light that dance across the surfaces of the armory. This halo of light ebbs and flows with a life of its own, reflecting the weapon's mood and intent. It whispers of ancient battles fought in the name of justice and the eternal struggle between light and darkness.

The "Radiant Justice Mace" is more than a weapon; it is a beacon of hope, a symbol of the enduring power of good. Its presence alone inspires courage in the hearts of the righteous and instills fear in the essence of the wicked.

History

The "Radiant Justice Mace" traces its origins to the celestial realms, forged by the combined will of the deities of light and justice. Its creation was necessitated by the rise of a formidable darkness that threatened the very fabric of existence across multiple realms. Crafted in the heart of a dying star, the mace was imbued with the essence of celestial light and the indomitable spirit of justice.

Upon its completion, the mace was bestowed upon a mortal champion, chosen for their unwavering heart and purity of purpose. This champion became the vanguard of a heavenly campaign, wielding the mace to dispel shadows and bring hope to the darkest corners of the universe. Throughout the ages, the mace has been passed down through a lineage of heroes, each chosen for their valor and righteousness.

Legends tell of battles where the mace's light turned the tide against overwhelming darkness, its celestial aura capable of breaking the most powerful curses and banishing ancient evils back into the void. The "Radiant Justice Mace" remains a symbol of the eternal fight against darkness, its history intertwined with the fate of countless worlds.

Magic

Radiant Defender Shield

Shield, Rare (Requires Attunement)

Appearance

The "Radiant Defender Shield" serves as the embodiment of celestial guardianship, a formidable artifact infused with the essence of light itself. Its broad, rounded surface is crafted from a divine alloy, shimmering with a blend of silver and gold that mirrors the luminous expanse of the heavens. At the heart of the shield, a sunburst motif radiates outward, its rays extending to the very edges, symbolizing the unstoppable force of light dispersing darkness.

Each ray of the sunburst is meticulously detailed, edged in gold, and inlaid with symbols of protection-runes and glyphs that speak of ancient pacts and promises of safeguarding. The perimeter of the shield is framed by a delicate filigree of gold, an intricate lacework that adds to its majestic aura, as if it were crowned by the very essence of dawn.

The shield's celestial aura is palpable, a gentle glow that surrounds it with a soft, protective light. This light seems to pulse in rhythm with the heartbeat of the righteous, strengthening in the presence of evil, its luminescence intensifying to guide and protect.

Wielding the "Radiant Defender Shield" is not merely a matter of physical protection; it is a statement of divine allegiance, a commitment to uphold the forces of good in the eternal battle against darkness. Its presence on the battlefield inspires hope and courage, a beacon of light that guides the way to victory.

History

The "Radiant Defender Shield" was created in a celestial forge as a counterpart to the "Radiant Justice Mace", envisioned to protect and preserve the balance between light and darkness. Its creation was overseen by deities of protection and sacrifice, who sought to embody the ultimate defence against the encroaching shadows that sought to engulf the realms in despair.

Inscribed within its metal are the vows of its creators, promising salvation and sanctuary to those who stand against the tide of darkness. The shield first appeared in the mortal realm in the hands of a guardian whose name is lost to time, a being who stood alone against a horde of shadows at the dawn of the first age.

Throughout history, the shield has served as the bulwark against the onslaught of evil, never yielding, its light a steadfast beacon in the most desperate hours. It has been wielded by paladins, knights, and guardians of the light, each adding to its legacy - a legacy of battles won not just by strength, but by the unbreakable will to protect those who cannot protect themselves.

Together, the "Radiant Justice Mace" and the "Radiant Defender Shield" are more than artifacts; they are the embodiment of the eternal struggle between light and darkness, a reminder of the power of hope and the unyielding spirit of those who stand in defence of the light.
