B.A.R.D-F

CHARACTER NAME

6	6 Feet	278lbs
AGE	HEIGHT	WEIGHT
Blue	Polished Steel	
EYES	SKIN	HAIR

B.A.R.D-F is a formidable construct, built with precision and strength to guard the gate between Mechanus and the Nine Hells. His metallic frame is forged from polished steel and reinforced with dark bronze, designed to withstand relentless assaults. His glowing blue eyes are steady and vigilant, scanning for any signs of intrusion. Durable joints and reinforced plating ensure resilience in battle, while his integrated weaponry hints at deadly efficiency. A faint hum emanates from his core, a reminder of the immense power contained within.

CHARACTER APPEARANCE

B.A.R.D-F's metal plating is marked by scratches and dents, each one a relic of his escape from the infernal onslaught and the years of wandering that followed. A reddish-gold patina resembling rust covers his frame, giving him a strangely beautiful, weathered appearance, as though he is a relic of both war and artistry.

His voice carries its own peculiar charm, often mimicking the tone, pitch, or rhythm of those around him, an unintended quirk that frequently catches others off guard. Despite the visible wear and tear he carries, B.A.R.D-F is meticulous in caring for his resonance sensor, polishing it nightly with reverence, treating it as both a vital tool and a sacred part of his identity.

Social interaction remains a challenge for him. His formal greetings, such as "Salutations, organic compatriot of indeterminate origin!" often leave others bemused, while his frequent references to Mechanus idioms - like "Order through resonance!" or "The perfect beat brings clarity" - further add to his eccentric charm.

ADDITIONAL FEATURES & TRAITS

The Nine Hells Gate Watch is a formidable and ancient order tasked with safeguarding the precarious portal between Mechanus and the Nine Hells, a junction where the relentless logic of Mechanus collides with the chaotic infernal fires. The gate is an artifact of immense power, blending intricate mechanical precision with volatile, fiery energies. The Gate Watch's primary mission is to prevent the Nine Hells from exploiting this portal to invade Mechanus, ensuring that the plane of pure order remains untainted by infernal chaos. The Gate Watch is predominantly composed of constructs forged in the workshops of Mechanus itself, each crafted with meticulous care to embody unwavering loyalty, discipline, and strength. These constructs are impervious to the corrupting influence of the Nine Hells, making them ideal sentinels for such a critical and dangerous task.

NAME

Nine Hells Gate Watch

SYMBOL

ALLIES & ORGANIZATIONS

In Mechanus, the Battle-Adapted Resonance Droid (B.A.R.D) series was forged to defend against a planar invasion from the Nine Hells. Designed to disorient foes with devastating sonic resonance, the B.A.R.D units were Mechanus' vanguard. Among them, B.A.R.D-F, a small, under-equipped model, was mockingly nicknamed B.A.R.D-Failure for his lack of combat prowess.

When the infernal horde overwhelmed the first line of defence, nearly all B.A.R.D units were destroyed. B.A.R.D-F, unnoticed in the chaos, fled to the Outlands. Stranded and purposeless, he met a band of travelling outsiders who encouraged him to turn his resonant abilities toward music and storytelling instead of war.

Eventually, he found his way to Sigil, the City of Doors, where he honed his bardic craft, weaving songs of the war at the gates and the bravery of his fallen kin. Now, B.A.R.D-F strives to forge a new purpose as a storyteller and performer, proving that even a so-called failure can find harmony in the multiverse.

CHARACTER BACKGROUND

1. ***Cursed Ring*** A sleek, tarnished silver band embedded with a faintly glowing, tiny crystalline shard that hums softly when touched. Found during the invasion at the planar gates by B.A.R.D-F it is the only memoriam he has from his old life. Once donned, the ring causes sharp, stabbing pain when removal is attempted, almost as if it resists leaving him.
2. ***Harmonic Tuning Fork*** A tuning fork engraved with intricate patterns that seem to shimmer in the light. It was gifted to him by a bard in Sigil who admired his abilities.
3. ***Scroll of Unfinished Verse*** A crumpled parchment covered in half-written lyrics and cryptic symbols. The words rearrange slightly whenever it's read, as if searching for the perfect rhyme.

Features, Magic Items and Spells

Warforged Traits

Construct Resilience

You have Resistance to Poison damage. You also have Advantage on saving throws to avoid or end the Poisoned condition.

Integrated Protection

You gain a +1 bonus to your Armor Class. In addition, armor you have donned can't be removed against your will while you're alive.

Sentry's Rest

You don't need to sleep, and magic can't put you to sleep. You can finish a Long Rest in 6 hours if you spend those hours in an inactive, motionless state. During this time, you appear inert but remain conscious.

Specialized Design

Athletics Proficiency, Wargong Proficiency
You gain one skill proficiency and one tool proficiency of your choice.

Tireless

You don't gain Exhaustion levels from dehydration, malnutrition, or suffocation.

Feats

Scion of the Outer Planes

Nine Hells
Your connection to an Outer Plane infuses you with the energy there. Choose a type of plane listed in the Planar Infusion Table. Your choice gives you a resistance to a damage type and the ability to cast a cantrip, as specified in the table. You can cast this cantrip without material components, and your spellcasting ability for it is Intelligence, Wisdom or **Charisma** (choose when you select this feat).

Planar Infusion

	Plane	Resistance	Cantrip
	Chaotic Outer Plane	Poison	Minor Illusion
•	Evil Outer Plane	Necrotic	Chill Touch
	Good Outer Plane	Radiant	Sacred Flame
	Lawful Outer Plane	Force	Guidance
	The Outlands	Psychic	Mage Hand

Durable

You gain the following benefits.

Defy Death. You have Advantage on Death Saving Throws.

Speedy Recovery. As a Bonus Action, you can expend one of your Hit Point Dice, roll the die, and regain a number of Hit Points equal to the roll.

Iedcaru's Scanning

While in physical contact with the walking castle Iedcaru you get a +10 bonus to all checks that rely on senses (i.e. Perception (Hearing), Investigation (Sight)).

Bard Traits

Bardic Inspiration

You can supernaturally inspire others through words, music, or dance. This inspiration is represented by your Bardic Inspiration die, which is a d6.

Using Bardic Inspiration. As a Bonus Action, you can inspire another creature within 60 feet of yourself who can see and hear you. That creature gains one of your Bardic Inspiration dice. A creature can have only one Bardic Inspiration die at a time.

Once within the next hour when the creature fails a D20 Test, the creature can roll the Bardic Inspiration die and add the number rolled to the d20, potentially turning the failure into a success. A Bardic Inspiration die is expended when it's rolled.

Number of Uses. You can confer a Bardic Inspiration die a number of times equal to your Charisma modifier (minimum of one), and you regain all expended uses when you finish a Long Rest.

At Higher Levels. Your Bardic Inspiration die changes when you reach certain Bard levels, as shown in the Bardic Die column of the Bardic Features table. The becomes a **d8 at level 5**, a d10 at level 10, and a d12 at level 15.

Expertise

Intimidation, Perception, Persuasion, Survival
You gain Expertise (see the rules glossary) in two of your skill proficiencies of your choice. Performance and Persuasion are recommended if you have proficiency in them.

At Bard level 9, you gain Expertise in two more of your skill proficiencies of your choice.

Jack of All Trades

You can add half your Proficiency Bonus (round down) to any ability check you make that uses a skill proficiency you lack and that doesn't otherwise use your Proficiency Bonus.

For example, if you make a Strength (Athletics) check and lack Athletics proficiency, you can add half your Proficiency Bonus to the check.

College of Valor

Bards of the College of Valor are daring storytellers whose tales preserve the memory of the great heroes of the past. These Bards sing the deeds of the mighty n vaulted halls or to crowds gathered around great bonfires. They travel to witness great events firsthand and to ensure that the memory of these events doesn't pass away. With their songs, they inspire new generations to reach the same height of accomplishment as the heroes of old.

Combat Inspiration

You can use your wit to turn the tide of battle. A creature that has a Bardic Inspiration die from you can use it for one of the following effects.

Defense. When the creature is hit by an attack roll, that creature can use its Reaction to roll the Bardic Inspiration die and add the number rolled to its AC against that attack, potentially causing the attack to miss.

Offense. Immediately after the creature hits a target with an attack roll, the creature can roll the Bardic Inspiration die and add the number rolled to the attack's damage against the target.

Martial Training

You gain proficiency with Martial weapons and training with Medium armor and Shields.

In addition, you can use a Simple or Martial weapon as a Spellcasting Focus to cast spells from your Bard spell list.

Extra Attack

You can attack twice instead of once whenever you take the Attack action on your turn.

In addition, you can cast one of your cantrips that has a casting time of an action in place of one of those attacks.

Font of Inspiration

You now regain all your expended uses of Bardic Inspiration when you finish a Short or Long Rest.

In addition, you can expend a spell slot (no action required) to regain one expended use of Bardic Inspiration

Countercharm

You can use musical notes or words of power to disrupt mind-influencing effects. If you or a creature within 30 feet of you fails a saving throw against an effect that applies the Charmed or Frightened condition, you can take a Reaction to cause the save to be rerolled, and the new roll has advantage.

- Choose one ability. The target has Disadvantage on ability checks and saving throws made with that ability.
- The target has Disadvantage on attack rolls against you.
- In combat, the target must succeed on a Wisdom saving throw at the start of each of its turns or be forced to take the Dodge action on that turn.

Using a Higher-Level Spell Slot. If you cast this spell using a level 4 spell slot, you can maintain Concentration on it for up to 10 minutes. Level 4

Confusion

4th-Level Enchantment

Casting Time: Action
Range: 90 Feet
Components: V, S, M (three nut shells)

Duration: Concentration, Up to 1 Minute

Each creature in a 10-foot-radius Sphere centered on a point you choose within range must succeed on a Wisdom saving throw, or that target can't take Bonus Actions or Reactions and must roll 1d10 at the start of each of its turns to determine its behaviour for that turn, consulting the table below.

1d10	Behavior for the Turn
1	The target doesn't take an action, and it uses all its movement to move. Roll 1d4 for the direction: 1, north; 2, east; 3, south; 4, west.
2-6	The target doesn't move or take actions.
7-8	The target doesn't move, and it takes the Attack action to make one melee attack against a random creature within reach. If none are within reach, the target takes no action.
9-10	The target chooses its behaviour.

At the end of each of its turns, an affected target repeats the save, ending the spell on itself on a success.

Using a Higher-Level Spell Slot. The Sphere's radius increases by 5 feet for each spell slot level above 4.

Freedom of Movement

4th-Level Abjuration

Casting Time: Action
Range: Touch
Components: V, S, M (a leather strap)
Duration: 1 Hour

You touch a willing creature. For the duration, the target's movement is unaffected by Difficult Terrain, and spells and other magical effects can neither reduce the target's Speed nor cause the target to have the Paralyzed or Restrained conditions. The target also has a Swim Speed equal to its Speed.

In addition, the target can spend 5 feet of movement to automatically escape from nonmagical restraints, such as manacles or a creature imposing the Grappled condition on it.

Using a Higher-Level Spell Slot. You can target one additional creature for each spell slot level above 4.

Raulothim's Psychic Lance

4th-Level Enchantment

Casting Time: Action
Range: 120 Feet
Components: V
Duration: Instantaneous

You unleash a shimmering lance of psychic power from your forehead at a creature that you can see within range. Alternatively, you can utter a creature's name. If the named target is within range, it becomes the spell's target even if you can't see it. If the named target isn't within range, the lance dissipates without effect.

The target must make an Intelligence saving throw. On a failed save, the target takes 7d6 psychic damage and is incapacitated until the start of your next turn. On a successful save, the creature takes half as much damage and isn't incapacitated.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 5th level or higher, the damage increases by 1d6 for each slot level above 4th.

Level 5

Teleportation Circle

5th-Level Conjuration

Casting Time: 1 Minute
Range: 10 Feet
Components: V, M (rare inks worth 50+ GP, which the spell consumes)
Duration: 1 Round

As you cast the spell, you draw a 5-foot-radius circle on the ground inscribed with sigils that link your location to a permanent teleportation circle of your choice whose sigil sequence you know and that is on the same plane of existence as you. A shimmering portal opens within the circle you drew and remains open until the end of your next turn. Any creature that enters the portal instantly appears within 5 feet of the destination circle or in the nearest unoccupied space if that space is occupied.

Many major temples, guildhalls, and other important places have permanent teleportation circles. Each circle includes a unique sigil sequence - a string of runes arranged in a particular pattern.

When you first gain the ability to cast this spell, you learn the sigil sequences for two destinations on the Material Plane, determined by the DM. You might learn additional sigil sequences during your adventures. You can commit a new sigil sequence to memory after studying it for 1 minute.

You can create a permanent teleportation circle by casting this spell in the same location every day for 365 days.

Acheron Blade Longsword

Weapon (Longsword), Rare (Requires Attunement)

Appearance

Forged from a mysterious arcane alloy harvested from the depths of forgotten realms, the Acheron Blade exudes a haunting elegance. Its slender, jet-black blade gleams with a muted, metallic luster, as if it drinks in the surrounding light. Faint crimson and violet veins of arcane energy pulse just beneath the surface, like the heartbeat of some ancient, slumbering power.

The hilt is masterfully crafted with infernal artistry a crossguard shaped like outstretched demonic wings curves protectively over the wielder's hand, forged in dark iron with crimson inlays. Ancient runes, etched in a long-lost dialect, shimmer subtly along the grip, reacting faintly to the touch of a worthy bearer. The pommel bears the image of a single downward-facing eye, crafted from obsidian and always unnervingly cold.

History

The origins of the Acheron Blade are shrouded in myth and shadow, its true creation lost to time and planar war. It is widely believed to have been forged in the lower planes, within a forgotten forge-city that once stood on the banks of the River Acheron - the iron-choked river that flows through the realms of lawful evil. The alloy used in its crafting is not native to the Material Plane, suspected to be a fusion of infernal steel and crystallized soul matter harvested from ancient battlegrounds where devils and mortals clashed endlessly.

Legends tell of a mortal blacksmith named Varnem the Hollow, who bargained with a dying archdevil for the knowledge of soulbinding metallurgy. Varnem disappeared shortly after his pact, but not before completing a single weapon the Acheron Blade. It was said that the sword would choose only those with the will to command death and order alike, and punish those who wielded it with unworthy purpose.

Over centuries, the blade surfaced in various conquests and calamities. It was last recorded in the hands of Knight-Inquisitor Thassir of the Obsidian Creed, who used it to lay waste to a rebellious kingdom under suspicion of demonic corruption. Thassir vanished during a planar incursion near a known Acheron rift, and the sword has remained lost until now.

Some claim the blade whispers to its bearer. Others say it is a fragment of a greater weapon forged by Hell itself. Whatever the truth, those who possess the Acheron Blade carry more than just steel they carry a legacy of power, order, and damnation.

Magic

The black blade of this sword is crafted from a mysterious arcane alloy. You gain a +1 bonus to attack and damage rolls made with this magic weapon. While the sword is on your person, you are immune to effects that turn undead.

Dark Blessing. While holding the sword, you can use an action to give yourself 1d4 + 4 temporary hit points. This property can't be used again until the next dusk.

Disheartening Strike. When you hit a creature with an attack using this weapon, you can fill the target with unsettling dread: the target has disadvantage on the next saving throw it makes before the end of your next turn. The creature ignores this effect if it's immune to the frightened condition. Once you use this property, you can't do so again until the next dusk.

Doss Lute

Wondrous Item, Instrument, Uncommon (Requires Attunement by a Bard)

An instrument of the bards is an exquisite example of its kind, superior to an ordinary instrument in every way. Seven types of these instruments exist, each named after a legendary bard college.

History

It was said that a legendary bard in the Moonshaes named Falataer created the first Doss lute. He used the lute to both test and reward students of his bardic college. Subsequent bards copied the design but continued to keep the same name.

Arcane Challenge

A creature that attempts to play the instrument without being attuned to it must succeed on a DC 15 Wisdom saving throw or take 2d4 psychic damage.

Charming Harmony

You can play the instrument while casting a spell that causes any of its targets to be charmed on a failed saving throw, thereby imposing disadvantage on the save. This effect applies only if the spell has a somatic or a material component.

Spellcasting Ability

You can use an action to play the instrument and cast one of its spells. Once the instrument has been used to cast a spell, it can't be used to cast that spell again until the next dawn. The spells use your spellcasting ability and spell save DC.
