Features, Magic Items and Spells

Satyr Traits

Ram

You can use your head and horns to make unarmed strikes. When you hit with them, the strike deals 1d6 + your Strength modifier bludgeoning damage, instead of the bludgeoning damage normal for an unarmed strike.

Magic Resistance

You have advantage on saving throws against spells.

Mirthful Leaps

Whenever you make a long jump or a high jump, you can roll a d8 and add the number rolled to the number of feet you cover, even when making a standing jump. This extra distance costs movement as normal.

Reveler

As an embodiment of revelry, you have proficiency in the Performance and Persuasion skills, and you have proficiency with one musical instrument of your choice.

Feat

Speedy

You gain the following benefits.

Dash over Difficult Terrain. When you take the Dash action on your turn, Difficult Terrain doesn't cost extra movement for the rest of the turn.

Agile Movement. Opportunity Attacks have Disadvantage against you.

Tough

Your Hit Point maximum increases by an amount equal to twice your character level when you gain this feat. Whenever you gain a character level thereafter, your Hit Point maximum increases by an additional 2 Hit Points.

Boon of the Great Eagles

Once per long rest, when the character or an ally within 10 feet would take damage from an attack, a spectral eagle wing manifests and reduces the damage by 2d8 + the character's proficiency bonus. The wing fades immediately after.

You can expend 2 Wild Shape Uses to become a Great Eagle using the same rules as for "Wild Shape".

Druid Traits

Primal Order - Magician

Bonus: +4

You know one extra cantrip from the Druid spell list. In addition, your mystical connection to nature gives you a bonus to your Intelligence (Arcana or Nature) checks. The bonus equals your Wisdom modifier (minimum bonus of +1)

Wild Shape

As a Bonus Action, you shape-shift into a Beast form that you have learned for this feature (Brown Bear, Giant Octopus, Ice Spider, Tiger). You stay in that form for a number of hours equal to half your Druid level or until you use Wild Shape again, have the Incapacitated condition, or die. You can also leave the form early as a Bonus Action.

Rules While Shape-Shifted. While in a form, you retain your personality, memories, and ability to speak, and the following rules apply:

Armor Class. Until you leave the form, your AC equals 13 plus your Wisdom modifier if that total is higher than the Beast's AC. **(AC 17)**

Temporary Hit Points. You gain a number of Temporary Hit Points equal to three times your Druid level. **(18 Temporary HP)**

Game Statistics. Your game statistics are replaced by the Beast's stat block, but you retain your creature type; Hit Points; Hit Point Dice; Intelligence, Wisdom, and Charisma scores; class features; languages; and feats. You also retain your skill and saving throw proficiencies and use your Proficiency Bonus for them, in addition to gaining the proficiencies of the creature. If a skill or saving throw modifier in the Beast's stat blocks higher than yours, use the one in the stat block.

No Spellcasting. You can't cast spells, but shapeshifting doesn't break your Concentration or otherwise interfere with a spell you've already cast.

Objects. Your ability to handle objects is determined by the form's limbs rather than your own. In addition, you choose whether your equipment falls in your space, merges into your new form, or is worn by it. Worn equipment functions as normal, but the DM decides whether it's practical for the new form to wear a piece of equipment based on the creature's size and shape. Your equipment doesn't change size or shape to match the new form, and any equipment that the new form can't wear must

either fall to the ground or merge with the form. Equipment that merges with the form has no effect while you're in that form.

Wild Companion

You can summon a nature spirit that assumes an animal form to aid you. As a Magic action, you can expend a spell slot or a use of Wild Shape to cast the Find Familiar spell without Material Components.

When you cast the spell in this way, the familiar is Fey and disappears when you finish a Long Rest.

Circle of the Shepherd

Speech of the Woods

You learn to speak, read, and write Sylvan. In addition, beasts can understand your speech, and you gain the ability to decipher their noises and motions. Most beasts lack the intelligence to convey or understand sophisticated concepts, but a friendly beast could relay what it has seen or heard in the recent past. This ability doesn't grant you any special friendship with beasts, though you can combine this ability with gifts to curry favor with them as you would with any nonplayer character.

Spirit Totem

As a bonus action, you can magically summon an incorporeal spirit to a point you can see within 60 feet of you. The spirit creates an aura in a 30-foot radius around that point. It counts as neither a creature nor an object, though it has the spectral appearance of the creature it represents. As a bonus action, you can move the spirit up to 60 feet to a point you can see.

The spirit persists for 1 minute. Once you use this feature, you can't use it again until you finish a short or long rest.

The effect of the spirit's aura depends on the type of spirit you summon from the options below.

Bear Spirit. The bear spirit grants you and your allies its might and endurance. Each creature of your choice in the aura when the spirit appears gains temporary hit points equal to 5 + your druid level. In addition, you and your allies gain advantage on Strength checks and Strength saving throws while in the aura.

Hawk Spirit. The hawk spirit is a consummate hunter, aiding you and your allies with its keen sight. When a creature makes an attack roll against a target in the spirit's aura, you can use your reaction to grant advantage to that attack roll. In addition, you and your allies have advantage on Wisdom (Perception) checks while in the aura.

Unicorn Spirit. The unicorn spirit lends its protection to those nearby. You and your allies gain advantage on all ability checks made to detect creatures in the spirit's aura. In addition, if you cast a spell using a spell slot that restores hit points to any creature inside or outside the aura, each creature of your choice in the aura also regains hit points equal to your druid level.

Mighty Summoner

Beasts and fey that you conjure are more resilient than normal. Any beast or fey summoned or created by a spell that you cast gains the following benefits:

- The creature appears with more hit points than normal: 2 extra hit points per Hit Die it has.
- The damage from its natural weapons is considered magical for the purpose of overcoming immunity and resistance to nonmagical attacks and damage.

Wild Resurgence

Once on each of your turns, if you have no uses of Wild Shape left, you can give yourself one use by expending a spell slot (no action required).

In addition, you can expend one use of Wild Shape (no action required) to give yourself a level 1 spell slot, but you can't do so again until you finish a Long Rest.

Spells

Cantrip

Guidance

Divination Cantrip

Casting Time: Action
Range: Touch
Components: V, S
Duration: Concentration, Up to 1 Minute

You touch one willing creature. Once before the spell ends, the target can roll a d4 and add the number rolled to one ability check of its choice. It can roll the die before or after making the ability check. The spell then ends.

Gust

Transmutation Cantrip

Casting Time: Action
Range: 30 Feet
Components: V, S
Duration: Instantaneous

You seize the air and compel it to create one of the following effects at a point you can see within range:

- One Medium or smaller creature that you choose must succeed on a Strength saving throw or be pushed up to 5 feet away from you.

- You create a small blast of air capable of moving one object that is neither held nor carried and that weighs no more than 5 pounds. The object is pushed up to 10 feet away from you. It isn't pushed with enough force to cause damage.
- You create a harmless sensory affect using air, such as causing leaves to rustle, wind to slam shutters shut, or your clothing to ripple in a breeze.

Mold Earth

Transmutation Cantrip

Casting Time: Action
Range: 30 Feet
Components: S
Duration: Instantaneous or 1 Hour

You choose a portion of dirt or stone that you can see within range and that fits within a 5-foot cube. You manipulate it in one of the following ways:

- If you target an area of loose earth, you can instantaneously excavate it, move it along the ground, and deposit it up to 5 feet away. This movement doesn't have enough force to cause damage.
- You cause shapes, colors, or both to appear on the dirt or stone, spelling out words, creating images, or shaping patterns. The changes last for 1 hour.
- If the dirt or stone you target is on the ground, you cause it to become difficult terrain. Alternatively, you can cause the ground to become normal terrain if it is already difficult terrain. This change lasts for 1 hour.

If you cast this spell multiple times, you can have no more than two of its non-instantaneous effects active at a time, and you can dismiss such an effect as an action.

Primal Savagery

Transmutation Cantrip

Casting Time: Action
Range: Self
Components: S
Duration: Instantaneous

You channel primal magic to cause your teeth or fingernails to sharpen, ready to deliver a corrosive attack. Make a melee spell attack against one creature within 5 feet of you. On a hit, the target takes 1d10 acid damage. After you make the attack, your teeth or fingernails return to normal.

At Higher Levels. The spell's damage increases by 1d10 when you reach 5th level (2d10), 11th level (3d10), and 17th level (4d10).

Level 1

Animal Friendship

1st-Level Enchantment

Casting Time: Action
Range: 30 Feet
Components: V, S, M (a morsel of food)
Duration: 24 Hours

This spell lets you convince a beast that you mean it no harm. Choose a beast that you can see within range. It must see and hear you. If the beast's Intelligence is 4 or higher, the spell fails. Otherwise, the beast must succeed on a Wisdom saving throw or be charmed by you for the spell's duration. If you or one of your companions harms the target, the spell ends.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 2nd level or higher, you can affect one additional beast for each slot level above 1st.

Beast Bond

1st-Level Divination

Casting Time: Action
Range: Touch
Components: V, S, M (a bit of fur wrapped in cloth)
Duration: Concentration, Up to 10 Minutes

You establish a telepathic link with one beast you touch that is friendly to you or charmed by you. The spell fails if the beast's Intelligence is 4 or higher. Until the spell ends, the link is active while you and the beast are within line of sight of each other. Through the link, the beast can understand your telepathic messages to it, and it can telepathically communicate simple emotions and concepts back to you. While the link is active, the beast gains advantage on attack rolls against any creature within 5 feet of you that you can see.

Cure Wounds

1st-Level Evocation

Casting Time: Action
Range: Touch
Components: V, S
Duration: Instantaneous

A creature you touch regains a number of hit points equal to 1d8 + your spellcasting ability modifier. This spell has no effect on undead or constructs.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 2nd level or higher, the healing increases by 1d8 for each slot level above 1st.

Faerie Fire

1st-Level Evocation

Casting Time: Action
Range: 60 Feet
Components: V
Duration: Concentration

Each object in a 20-foot cube within range is outlined in blue, green, or violet light (your choice).

Any creature in the area when the spell is cast is also outlined in light if it fails a Dexterity saving throw. For the duration, objects and affected creatures shed dim light in a 10-foot radius.

Any attack roll against an affected creature or object has advantage if the attacker can see it, and the affected creature or object can't benefit from being invisible.

Level 2

Dust Devil

2nd-Level Conjuration

Casting Time: Action
Range: 60 Feet
Components: V, S, M (a pinch of dust)
Duration: Concentration, Up to 1 Minute

Choose an unoccupied 5-foot cube of air that you can see within range. An elemental force that resembles a dust devil appears in the cube and lasts for the spell's duration.

Any creature that ends its turn within 5 feet of the dust devil must make a Strength saving throw. On a failed save, the creature takes 1d8 bludgeoning damage and is pushed 10 feet away. On a successful save, the creature takes half as much damage and isn't pushed.

As a bonus action, you can move the dust devil up to 30 feet in any direction. If the dust devil moves over sand, dust, loose dirt, or small gravel, it sucks up the material and forms a 10-foot-radius cloud of debris around itself that lasts until the start of your next turn. The cloud heavily obscures its area.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 3rd level or higher, the damage increases by 1d8 for each slot level above 2nd.

Summon Beast

2nd-Level Conjuration

Casting Time: Action
Range: 90 Feet
Components: V, S, M (a feather, tuft of fur, and fish tail inside a gilded acorn worth at least 200 gp)
Duration: Concentration, Up to 1 Hour

You call forth a bestial spirit. It manifests in an unoccupied space that you can see within range. This corporeal form uses the Bestial Spirit stat block. When you cast the spell, choose an environment: Air, Land, or Water. The creature resembles an animal of your choice that is native to the chosen environment, which determines certain traits in its stat block. The creature disappears when it drops to 0 hit points or when the spell ends.

The creature is an ally to you and your companions. In combat, the creature shares your initiative count, but it takes its turn immediately after yours. It obeys your verbal commands (no action required by you). If you don't issue any, it takes the Dodge action and uses its move to avoid danger.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 3rd level or higher, use the higher level where the spell's level appears in the stat block.

Warding Wind

2nd-Level Evocation

Casting Time: Action
Range: Self
Components: V
Duration: Concentration, Up to 10 Minutes

A strong wind (20 miles per hour) blows around you in a 10-foot radius and moves with you, remaining centered on you. The wind lasts for the spell's duration.

The wind has the following effects:

- It deafens you and other creatures in its area.
- It extinguishes unprotected flames in its area that are torch-sized or smaller.
- The area is difficult terrain for creatures other than you.
- The attack rolls of ranged weapon attacks have disadvantage if they pass in or out of the wind.
- It hedges out vapor, gas, and fog that can be dispersed by strong wind.

Level 3

Call the Rabid Beast

3rd-Level Transmutation

Casting Time: Action
Range: Touch
Components: V, S, M (a fang from a rabid animal)
Duration: Concentration, Up to 1 Minute

A creature you touch transforms into a rabid monster, filled with primal fury. The target sprouts thick fur and its mouth elongates into a fanged maw. It gains 20 Temporary Hit Points. While transformed, the creature has the following effects:

- It has an Armor Class of 17 if its AC is lower than that.
- It has a +5 bonus on damage rolls with Strength based attacks.
- It can make a Bite attack as a Bonus Action. The Bite deals 1d6 + its Strength modifier Slashing damage.
- It has Immunity to the Frightened condition.
- It can't cast spells or maintain Concentration.
- At the start of each of its turns, it must succeed on a DC 10 Wisdom saving throw or lose control until the spell ends. A creature that loses control must take an Attack action on each of its turns, using melee attacks against the nearest creature. If none are within reach, the creature must use its movement, and if necessary the Dash action, to move toward the nearest creature.

Conjure Animals

3rd-Level Conjuration

Casting Time: Action
Range: 60 Feet
Components: V, S
Duration: Concentration, Up to 10 Minutes

You conjure nature spirits that appear as a Large pack of spectral, intangible animals in an unoccupied space you can see within range. The pack lasts for the duration, and you choose the spirits' animal form, such as wolves, serpents, or birds.

You have Advantage on Strength saving throws while you're within 5 feet of the pack, and when you move on your turn, you can also move the pack up to 30 feet to an unoccupied space you can see.

Whenever the pack moves within 10 feet of a creature you can see and whenever a creature you can see enters a space within 10 feet of the pack or ends its turn there, you can force that creature to make a Dexterity saving throw. On a failed save, the creature takes 3d10 Slashing damage. A creature makes this save only once per turn.

Using a Higher-Level Spell Slot. The damage increases by 1d10 for each spell slot level above 3.

Summon Fey

3rd-Level Conjuration

Casting Time: Action
Range: 90 Feet
Components: V, S, M (a gilded flower worth 300+ GP)
Duration: Concentration, Up to 1 Hour

You call forth a Fey spirit. It manifests in an unoccupied space that you can see within range and uses the Fey Spirit stat block. When you cast the spell, choose a mood: Fuming, Mirthful, or Tricksy. The creature resembles a Fey creature of your choice marked by the chosen mood, which determines certain details in its stat block. The creature disappears when it drops to 0 Hit Points or when the spell ends.

The creature is an ally to you and your allies. In combat, the creature shares your Initiative count, but it takes its turn immediately after yours. It obeys your verbal commands (no action required by you). If you don't issue any, it takes the Dodge action and uses its movement to avoid danger.
