B.A.S.A.L.T-5

CHARACTER NAME

1.5 Years	6'8"	2'410 lbs
AGE	HEIGHT	WEIGHT
Amber	Basalt	
EYES	SKIN	HAIR

B.A.S.A.L.T-5 is built from dense interlocking plates of enchanted stone reinforced with brass framing, giving the sentinel the appearance of a walking fortification rather than a conventional construct. A geomantic core embedded deep within its torso powers the runes etched throughout its chassis, stabilizing the heavy frame and sustaining its protective systems. Its most imposing feature is the enormous Tower Bulwark Shield, a slab-like barrier designed to shelter both B.A.S.A.L.T.-5 and those standing behind it. Despite its considerable weight, engraved lift-runes and geomantic plates allow the construct to briefly rise from the ground and move through the air at a slow, controlled pace. Its movements are deliberate and economical, reflecting a design philosophy centred entirely on endurance, vigilance, and placing itself between danger and those it has been assigned to protect.

ADDITIONAL FEATURES & TRAITS

The Auchtertool Deepworks Corps is a specialized branch of the city's Artificer Guild tasked with exploring dangerous subterranean environments, recovering buried machinery, and investigating ruins or structures unsuitable for ordinary workers. Its expeditions are composed primarily of purpose-built constructs, each selected for a particular function such as excavation, surveying, arcane analysis, maintenance, or security. Deepworks teams are expected to operate independently in unstable and poorly understood environments, often far beyond the immediate reach of Auchtertool's artificers. Following the discovery of the passage beneath the central plaza, the Corps was entrusted with assembling a suitably equipped expedition to investigate what lay below.

NAME

Auchtertool Deepworks Corps

SYMBOL

ALLIES & ORGANIZATIONS

B.A.S.A.L.T-5 was created as part of the Barrier Against Supernatural Anomalies & Liminal Threats program, a line of heavy bulwark constructs developed to reinforce the defenses of Auchtertool against magical incursions and extraplanar threats. Their creation became especially important during the growing danger posed by the Dread-Witch Queen of Cellardyke, whose forces and arcane assaults demonstrated the need for defenders capable of holding fortified positions under extraordinary pressure.

Unlike more mobile security constructs, B.A.S.A.L.T units were designed to endure. Their geomantic cores, reinforced stone bodies, and massive shields allowed them to anchor defensive lines, protect artificers and civilians, and resist magical effects that could overwhelm ordinary soldiers. B.A.S.A.L.T.-5 spent much of its service stationed at vulnerable approaches and important facilities, remaining on watch for long periods with little need for rest.

CHARACTER BACKGROUND

Old Perimeter Marker: *A weathered brass-and-stone marker once fixed beside one of B.A.S.A.L.T.-5's longtime guard posts on Auchtertool's outer defenses. When the position was later rebuilt, the sentinel quietly kept the discarded marker.*

Silent Watch Bell: *A small bronze warning bell whose clapper was deliberately removed after years of false alarms. B.A.S.A.L.T.-5 claims that a true sentinel should notice danger before any bell must ring.*

Rune-Scored Shield Chip: *A splinter from an earlier tower shield, marked by countless impacts and partially fused warding runes. B.A.S.A.L.T.-5 retains it much like a veteran might keep an old medal.*

PERSONALITY TRAITS

I remain perfectly still when observing an area, sometimes for hours, until something gives me reason to move. I speak calmly and deliberately, even in dangerous situations, and rarely allow urgency to become panic.

Alignment *Lawful Good*

IDEALS

Vigilance. *The greatest dangers are often those noticed too late. A watchful guardian prevents disaster before strength is ever required.*

BONDS

Auchtertool was the place B.A.S.A.L.T-S was built to defend. Its walls, people, and fellow constructs remain its charge, regardless of where its duties take it.

FLAWS

B.A.S.A.L.T-S is extremely reluctant to abandon a position once it considers that place important, even when retreat or changing tactics would clearly be the wiser choice.

Features, Magic Items and Spells

Stoneborn Traits

Fly

Fly Speed equal to half your Speed.

Argent Gleam

As a Bonus Action, you can channel a mote of the Silver Path's light with your choice of one of the following options:

Path's Grace. You cast the Bless spell, requiring no Material components.

Zealous Charge. You take the Dash action. The first time you make an attack roll before the end of your turn, on a hit or miss, the target takes an extra 2d6 Radiant damage.

Once you use this trait's Bonus Action, you can't do so again until you finish a Long Rest.

Silver Bulwark

You can call upon the Silver Path to protect you. When you take Bludgeoning, Piercing, or Slashing damage, you can take a Reaction to gain Resistance to those three damage types until the start of your next turn. Once you use this trait, you can't do so again until you finish a Short or Long Rest.

Watchful Sense

Perception Proficiency

You gain proficiency in the Insight, Perception, or Survival skill.

Feats

Grave Keeper

Divine Channel

DC: 11

You gain one use of the Channel Divinity feature from the Cleric class, and you can create the Turn Undead effect with it. If you already have Channel Divinity, you add this use to the feature from one class of your choice. Your save DC for this benefit is 8 plus your Wisdom modifier and Proficiency Bonus.

Last Rites

You can enact a 10-minute ritual to prepare the corpse of a Medium or smaller creature, expending at least 10 GP worth of incense, oils, linen wraps, or similar trappings. The prepared corpse can't become Undead.

Shield Wall

Shield Ally

When a creature you can see hits an ally adjacent to you with an attack, you can take a Reaction to grant your ally your Shield's Armor Class bonus against the triggering attack.

Shoulder to Shoulder

When you and an ally are both wielding a Shield and are adjacent to each other, you both gain a +1 bonus to Armor Class.

Paladin Traits

Lay on Hands

(Healing Pool: 25)

Your blessed touch can heal wounds. You have a pool of healing power that replenishes when you finish a Long Rest. With that pool, you can restore a total number of Hit Points equal to five times your Paladin level.

As a Bonus Action, you can touch a creature (which could be yourself) and draw power from the pool of healing to restore a number of Hit Points to that creature, up to the maximum amount remaining in the pool.

You can also expend 5 Hit Points from the pool of healing power to remove the Poisoned condition from the creature; those points don't also restore Hit Points to the creature.

Weapon Mastery

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency, such as Longswords and Javelins.

Whenever you finish a Long Rest, you can change the kinds of weapons you chose. For example, you could switch to using the mastery properties of Halberds and Flails.

Push (Warhammer)

If you hit a creature with this weapon, you can push the creature up to 10 feet straight away from yourself if it is Large or smaller.

Slow (Javelin)

If you hit a creature with this weapon and deal damage to it, you can reduce its Speed by 10 feet until the start of your next turn. If the creature is hit more than once by weapons that have this property, the Speed reduction doesn't exceed 10 feet.

Fighting Style

Shield Wall

You gain a Fighting Style feat of your choice. Instead of choosing one of those feats, you can choose the option below.

Blessed Warrior. You learn two Cleric cantrips of your choice. Guidance and Sacred Flame are recommended. The chosen cantrips count as Paladin spells for you, and Charisma is your spellcasting ability for them. Whenever you gain a Paladin level, you can replace one of these cantrips with another Cleric cantrip.

Paladin's Smite

You always have the Divine Smite spell prepared. In addition, you can cast it without expending a spell slot, but you must finish a Long Rest before you can cast it in this way again.

Channel Divinity

2 Uses

You can channel divine energy directly from the Outer Planes, using it to fuel magical effects. You start with one such effect: Divine Sense, which is described below. Other Paladin features give additional Channel Divinity effect options. Each time you use this class's Channel Divinity, you choose which effect from this class to create.

You can use this class's Channel Divinity twice. You regain one of its expended uses when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest. You gain an additional use when you reach Paladin level 11.

If a Channel Divinity effect requires a saving throw, the DC equals the spell save DC from this class's Spellcasting feature.

Divine Sense

As a Bonus Action, you can open your awareness to detect Celestials, Fiends, and Undead. For the next 10 minutes or until you have the Incapacitated condition, you know the location of any creature of those types within 60 feet of yourself, and you know its creature type. Within the same radius, you also detect the presence of any place or object that has been consecrated or desecrated, as with the Hallow spell.

Watcher's Will

You can use your Channel Divinity to invest your presence with the warding power of your faith. As an action, you can choose a number of creatures you can see within 30 feet of you, up to a number equal to your Charisma modifier (minimum of one creature). For 1 minute, you and the chosen creatures have advantage on Intelligence, Wisdom, and Charisma saving throws.

Abjure the Extraplanar

You can use your Channel Divinity to castigate unworldly beings. As an action, you present your holy symbol and each aberration, celestial, elemental, fey, or fiend within 30 feet of you that can hear you must make a Wisdom saving throw. On a failed save, the creature is turned for 1 minute or until it takes damage.

A turned creature must spend its turns trying to move as far away from you as it can, and it can't willingly end its move in a space within 30 feet of you. For its action, it can use only the Dash action or try to escape from an effect that prevents it from moving. If there's nowhere to move, the creature can take the Dodge action.

Oath of the Watchers

Tenets of the Watchers

A paladin who assumes the Oath of the Watchers swears to safeguard mortal realms from otherworldly threats.

Vigilance. The threats you face are cunning, powerful, and subversive. Be ever alert for their corruption.

Loyalty. Never accept gifts or favors from fiends or those who truck with them. Stay true to your order, your comrades, and your duty.

Discipline. You are the shield against the endless terrors that lie beyond the stars. Your blade must be forever sharp and your mind keen to survive what lies beyond.

Oath Spells

The magic of your oath ensures you always have certain spells ready; when you reach a Paladin level specified in the Oath of the Ancients Spells table, you thereafter always have the listed spells prepared.

Oath of the Ancients Spells

	Paladin Level	Spells
•	3rd	Alarm, Detect Magic
•	5th	Moonbeam, See Invisibiility
	9th	Counterspell, Nondetection
	13th	Aura of Purity, Banishment
	17th	Hold Monster, Scrying

Extra Attack

You can attack twice instead of once whenever you take the Attack action on your turn.

Faithful Steed

You can call on the aid of an otherworldly steed. You always have the Find Steed spell prepared.

You can also cast the spell once without expending a spell slot, and you regain the ability to do so when you finish a Long Rest.

Spells

Level 1

Alarm

1st-Level Abjuration

Casting Time: 1 Minute or Ritual
Range: 30 Feet
Components: V, S, M (a tiny bell and a piece of fine silver wire)
Duration: 8 Hours

You set an alarm against unwanted intrusion. Choose a door, a window, or an area within range that is no larger than a 20-foot cube. Until the spell ends, an alarm alerts you whenever a Tiny or larger creature touches or enters the warded area. When you cast the spell, you can designate creatures that won't set off the alarm. You also choose whether the alarm is mental or audible.

A mental alarm alerts you with a ping in your mind if you are within 1 mile of the warded area. This ping awakens you if you are sleeping.

An audible alarm produces the sound of a hand bell for 10 seconds within 60 feet.

Bless

1st-Level Enchantment

Casting Time: Action
Range: 30 Feet
Components: V, S, M (a Holy Symbol worth 5+ GP)
Duration: Concentration, up to 1 Minute

You bless up to three creatures within range. Whenever a target makes an attack roll or a saving throw before the spell ends, the target adds 1d4 to the attack roll or save.

Using a Higher-Level Spell Slot. You can target one additional creature for each spell slot level above 1.

Compelled Duel

1st-Level Enchantment

Casting Time: Bonus Action
Range: 30 Feet
Components: V
Duration: Concentration, up to 1 Minute

You try to compel a creature into a duel. One creature that you can see within range makes a Wisdom saving throw. On a failed save, the target has Disadvantage on attack rolls against creatures other than you, and it can't willingly move to a space that is more than 30 feet away from you.

The spell ends if you make an attack roll against a creature other than the target, if you cast a spell on an enemy other than the target, if an ally of yours damages the target, or if you end your turn more than 30 feet away from the target.

Detect Magic

1st-Level Divination

Casting Time: Action or Ritual
Range: Self
Components: V, S
Duration: Concentration, up to 10 Minutes

For the duration, you sense the presence of magical effects within 30 feet of yourself. If you sense such effects, you can take the Magic action to see a faint aura around any visible creature or object in the area that bears the magic, and if an effect was created by a spell, you learn the spell's school of magic.

The spell is blocked by 1 foot of stone, dirt, or wood; 1 inch of metal; or a thin sheet of lead.

Divine Smite

1st-Level Evocation

Casting Time: Bonus Action, which you take immediately after hitting a target with a Melee weapon or an Unarmed Strike
Range: Self
Components: V
Duration: Instantaneous

The target takes an extra 2d8 Radiant damage from the attack. The damage increases by 1d8 if the target is a Fiend or an Undead.

Using a Higher-Level Spell Slot. The damage increases by 1d8 for each spell slot level above 1.

Toxic Shield

1st-Level Conjuration

Casting Time: Action
Range: Self
Components: S, M (a drop of dwarven blood)
Duration: Concentration, up to 1 Minute

You gain resistance to poison damage and advantage on saves against being poisoned for the duration. In addition, whenever a creature within 5 feet of you hits you with a melee attack, the shield sprays them with poison, dealing 1d8 poison damage to the attacker.

Using a Higher-Level Spell Slot. When you cast this spell using a spell slot of 2nd level or higher, the poison damage increases by 1d8 for every 2 slot levels above 1st.

Wardaway

1st-Level Abjuration

Casting Time: Action
Range: 60 Feet
Components: V, S, M (a miniature clay hand)
Duration: Instantaneous

You hurl a disorienting magical force toward one creature within range. The target makes a Constitution saving throw; Constructs and Undead automatically succeed on this save.

On a failed save, the target takes 2d4 Force damage, its Speed is halved until the start of your next turn, and on its next turn, it can take only an action or a Bonus Action (but not both). On a successful save, the target takes half as much damage only.

Using a Higher-Level Spell Slot. The damage increases by 2d4 for every spell slot level above 1.

Level 2

Chain of Conviction

2nd-Level Conjuration

Casting Time: Bonus Action
Range: 30 Feet
Components: S
Duration: 1 Minute

You hurl a spectral, barbed chain at a creature that you can see within range. The target makes a Strength saving throw. On a failed save, the target takes 2d6 Force damage, is pulled up to 30 feet toward you, and is bound by the chain. While bound by the chain, the creature is tethered to you and can't move or teleport to a space more than 30 feet away from you, and you have Advantage on attack rolls made against the creature.

On a successful save, the target takes half as much damage only. The bound target repeats the save at the end of each of its turns, ending the spell on itself on a success. If you are ever more than 30 feet away from the target, the spell ends.

Using a Higher-Level Spell Slot. The damage increases by 1d6 for each spell slot level above 2.

Find Steed

2nd-Level Conjuration

Casting Time: Action
Range: 30 Feet
Components: V, S
Duration: Instantaneous

You summon an otherworldly being that appears as a loyal steed in an unoccupied space of your choice within range. This creature uses the Otherworldly Steed stat block. If you already have a steed from this spell, the steed is replaced by the new one.

The steed resembles a Large, rideable animal of your choice, such as a horse, a camel, a dire wolf, or an elk. Whenever you cast the spell, choose the steed's creature typeCelestial, Fey, or Fiendwhich determines certain traits in the stat block.

Combat. The steed is an ally to you and your allies. In combat, it shares your Initiative count, and it functions as a controlled mount while you ride it (as defined in the rules on mounted combat). If you have the Incapacitated condition, the steed takes its turn immediately after yours and acts independently, focusing on protecting you.

Disappearance of the Steed. The steed disappears if it drops to 0 Hit Points or if you die. When it disappears, it leaves behind anything it was wearing or carrying. If you cast this spell again, you decide whether you summon the steed that disappeared or a different one.

When the Cylinder appears, each creature in it makes a Constitution saving throw. On a failed save, a creature takes 2d10 Radiant damage, and if the creature is shape-shifted (as a result of the Polymorph spell, for example), it reverts to its true form and can't shape-shift until it leaves the Cylinder. On a successful save, a creature takes half as much damage only. A creature also makes this save when the spell's area moves into its space and when it enters the spell's area or ends its turn there. Magic Items

Wardkeeper

Weapon (Warhammer), Uncommon
Damage: 1d8 Bludgeoning (1d10 Versatile)
Weapon Mastery: Push
You gain a +1 bonus to attack and damage rolls made with this magic weapon.

Anchoring Blow. Once on each of your turns, when you hit a creature with Wardkeeper while you have not moved since the start of that turn, the attack deals an additional 1d4 Force damage, and the target's Speed is reduced by 10 feet until the start of your next turn.

Stone Resonance. By placing Wardkeeper against a stone surface for 1 minute, you can sense major hollow spaces, tunnels, or chambers within 30 feet of that surface. This property reveals only their presence and approximate direction, not their contents or exact dimensions.

Tower Bulwark Shield

Armor (Shield), Uncommon (Requires Attunement)
While wielding this shield, you gain the normal +2 bonus to AC provided by a shield.

Shield Bash. Once on each of your turns, immediately after you hit a creature within 5 feet of you with a melee weapon as part of the Attack action, you can strike it with the shield. The target must succeed on a Strength saving throw (DC = 8 + your Strength modifier + your Proficiency Bonus) or you either push it 5 feet away from you or knock it Prone.

Unyielding Bulwark. While wielding the shield, you have Advantage on saving throws and ability checks made to resist being knocked Prone or moved against your will.
